

# DISTRIBUTOR&RING

## DIECAST CAVITY PARTS

### Feature

We produce a lot of distributor and ring.  
The size is Max  $\phi$ 300mm. Last year the quantity is over 100 set.  
Recently, it is popular to use high level coolant for biscuit.  
As you know, it will shortening the cycle of Aluminum die cast.  
We have a lot of experience and machines.  
We will continue to produce good quality, good price and quick delivery.

# VALVE UNIT

## DIECAST CAVITY PARTS

We produce Vacuum Valve Unit.

Vacuum is very important for the quality of die-casting parts.

# SUPER VENT

We have long history to produce Super Vent.

It will use decompression.

Decompression is important for quality.

The Super Vent is finish by all grind.

The performance will help reduce porosity.

If you use Super Vent, you will never do without.
